

# What Is a Habitat?

1. Look at the picture below. Can you think of other plants and animals that might be included in this habitat? Add plants and animals to the picture. Be sure to label them.

2. Changes can occur in habitats. How would the plants and animals in this habitat be affected if somebody cut down the tree?

---

---

3. What would happen if the pond dried up?

---

---

4. What would happen if somebody picked all the flowers?

---

---

5. Why is it important to conserve and protect habitats?

---

---
