It's fiesta time! The piñata needs to be filled with candy. To collect candy and get to the party, you can move in any direction — vertically, horizontally, or diagonally. You must skip over squares containing broccoli. You must land on each square containing candy. Fill in the blank candy below to complete each path.

Pick up all of the robots from the game board. Start on the **B** circle. Do not pick up your pencil. Draw a line going left, right, up, or down. **Every line must end on a robot or the E circle. No stopping on an empty box.** Try to collect all the robots and end your last line on the **E** circle. You can go through a robot more than once.

Didn't get them all? That's ok. This was hard. I missed only _____ robot/robots.
