

Home Learning - November 3, 2021

Literacy

- Listen to a story on youtube called "Scribble Stones" by Diane Alber <https://www.youtube.com/watch?v=XmxjQoV-w20>
 - Read your little "read the words" books for 10-15 minutes
 - Play Squiggle Park for 15 minutes - login card is taped to your Take Home folder
 - Writing - Write your third sentence for your Halloween story. Tomorrow we will be finishing them and sharing! Remember when we write stories we have at least 4 sentences.
 - First sentence says what happened.
 - Next 2-3 sentences give some details about it
 - Last sentence is your ending - your feelings (how you felt, what you hoped, thought, wished, etc). ****Reminder to parents** to encourage your child to get their writing done but do not sit right with them nor help them spell. They have all the skills they need. We do not want to make them reliant on an adult. They have been taught to "do your best and keep going"!
- **Some children write more than others, if your child has already finished their story encourage them to begin another story. It's a good idea to write each day. 😊**

Math

- Continue to practice counting forward and backwards between 1-20 as well as practicing reading number words to 10.
- DreamBox - 15 minutes

- I am posting a fun math challenge below that covers a variety of learning outcomes. We haven't practiced counting by 2's yet so if that's hard you can choose to try it or just focus on counting by 1's. I think the kids will LOVE this as it involves getting outside and using nature. If you are really adventurous, break out the paint when you are finished. I would love to see some pictures of this adventure. You can post in our Facebook group under comments in my rock post or private message me. I think the kids will enjoy seeing what each other are doing. Share time is very popular at school! Have fun!

LET'S ROCK AND ROLL!

- GO OUTSIDE AND GATHER A SELECTION OF ROCKS.
- COUNT YOUR ROCKS - FORWARDS/BACKWARDS BY 1'S, 2'S, AND/OR 10'S. CAN YOU MAKE THEM INTO FAMILIAR DOT PICTURES?
- CREATE A REPEATING PATTERN WITH ROCKS.
- WHAT SHAPES CAN YOU MAKE WITH YOUR ROCKS?
- HOW HIGH CAN YOU STACK YOUR ROCKS?
- TRY INVENTING A GAME WITH YOUR ROCKS!

MAKE SOME ART OUT OF YOUR ROCKS.
GOOGLE PEBBLE ART FOR INSPIRATION.
TAKE PICTURES OF ALL YOUR AWESOME ROCKS CREATIONS AND SHARE!

The poster features a background of dark, smooth river stones. It includes three inset images: a circular arrangement of light-colored stones on a wooden surface, a collection of dark stones of various sizes, and a dark red rectangular box containing the text 'MAKE SOME ART OUT OF YOUR ROCKS. GOOGLE PEBBLE ART FOR INSPIRATION. TAKE PICTURES OF ALL YOUR AWESOME ROCKS CREATIONS AND SHARE!'.

Gym

- Check out gym ideas on Miss Downey's teacher page at NSEE <http://nsee.nbed.nb.ca/teacher/miss-downey>

Art

Check out the idea of Scribble stones in our read aloud story! It has a link to follow. What a nice idea! If you prefer you can use the rocks that you collected to make some art. Paint them - you can paint them to look like insects (ladybugs, spiders, etc.) or you can paint patterns on them. Be creative.
