

The Virtue Project - Health

To enjoy good health, to bring true happiness to one's family, to bring peace to all, one must first discipline and control one's own mind. If a man can control his mind he can find the way to Enlightenment, and all wisdom and virtue will naturally come to him.

Pink Shirt Day was held Wednesday, February 22nd and was a big success. It was amazing to see so many of our students wearing pink and showing that they don't support bullying here at NSEE.

Thank you to everyone who helped make the day such a positive experience and to those who continue to make NSEE such a great place to learn.
