Information

- Our skating program will be starting on **January 17th** and will run for **4 weeks**.
- Please send skates, helmet and a water bottle to school on your child's skating day.
- Pack an extra pair of mitts/gloves in your skating bag in case they get wet at lunchtime.
- For safety issues, skates and helmets should be packed in a bag that is easy to carry to the rink. Ideally, skates should be in a backpack with their helmet attached to the bag. Oversized bags do not work as they drag on the ground and are heavy to hold with one hand.
- Parents should practice with their child to loosen their own laces and put skates on their feet. Older students should practice tying skates on their own.
- All students in Grades K to 2 have to wear snow pants on the ice.
- Students in Grades 3 to 6, can dress in layers.
- All students require a helmet. A helmet cage is strongly recommended for students learning how to skate.
- If there is a missed skating day due to a snow storm, we will make it up the week of February 13-17.

Parents will be allowed to go to the rink to help tie skates this year.

Please contact the school at 836-7010 or nsee@nbed.nb.ca if you can help in your child's scheduled time slot.
