

# 8

## Ways to support your child in French Immersion

### 1 Read with and to them

When you read to your child, you instill a love of reading and model how to read with fluency and expression.

### 2 Develop study skills

Ask the teacher how much homework to expect and regularly set aside time to work on it.

### 3 Applaud effort

Emphasize the value of acquiring another language, and recognize their progress and accomplishments.

### 4 Enjoy cultural experiences

Extend cultural experiences beyond the classroom. Take your child to events such as French concerts or plays at a French school near you.

### 5 Become involved

Become involved in your child's school experience by volunteering in the class or helping with materials, activities or field trips.

### 6 Communicate with teachers

Keep the lines of communication open. When talking to your child's teacher, be honest about your concerns and be receptive to their advice.

### 7 Use technology

Use apps, movies, TV or the Internet to increase the amount of time your child spends engaging in the immersion language.

### 8 Promote French learning

Watch French media with your child, listen to French music, communicate positive message about French to your child, explore the local area for French community places are all examples.
